REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450
ATTN: CERTIFICATE OF CORRECTION BRANCH

It is requested that a Certificate of Correction be issued correcting printing errors appearing in the above-identified United States patent (hereinafter referred to as "the patent"). Two copies of the text of the Certificate in the suggested form are enclosed.

The facts for this request are as follows:

- While prior counsel included priority data in the transmittal when the application was filed, prior counsel did not include the priority data in the specification in a "Cross Reference to Related Applications" section.
- The priority data was originally noted in PAIR but has since been deleted.
- At no point during prosecution of the application did the Examiner notify the Patentee that the priority data had been omitted from the specification.
- Neither Patentee nor current counsel realized the omission until the patent issued without the priority data stated on the face page of the patent.
- Because, until recently, PAIR noted the priority data and because there was no notice to the Patentee of the omission of the priority data prior to the issuance of the patent, the Patentee effectively had no opportunity to correct the omission during prosecution of the application.

For at least these reasons, it is requested that a Certificate of Correction be issued correcting the priority data error, as well as other printing errors appearing in the patent. If necessary, it is requested that this be considered a petition to waive the rules under CFR 1.183. In the event that it is necessary to consider this such a petition, it is authorized to charge the petition fee set forth in CFR 1.17(f) to Deposit Account No.19-0743.

Issuance of the Certificate of Correction would neither expand nor contract the scope of the claims as properly allowed, and re-examination is not required.

Pursuant to 1.20(a), enclosed please find a check in the amount of \$100.00.

The Examiner is authorized to charge any additional fees or credit overpayment to Deposit Account No.19-0743.

Respectfully Submitted

MING-KANG LIU ET AL.
